

Summer Science Experience

Explore weather and climate at Mizzou

A summer science experience for junior high school students will be conducted during the summer of 2006 on the campus of the University of Missouri-Columbia. *Weather Academy 2006* at the Mizzou Atmospheric Science Program will guide 10-15 junior high students through a study of the Earth's weather and climate from June 26 to June 30, 2006. Cost for the non-residential (no overnight stays) program is \$35.00, which includes lunch.

Activities will include:

Classroom instruction
Visit a National Weather Service Office
South Farm Field Station experiments
Visit a television studio weather lab

Access the WAV computer weather lab
Examine cases of severe weather
Visit the Aviation Weather Center

Who is Eligible?

Students who will be entering 7th, 8th, or 9th grades during Fall 2006 are eligible to apply for the program. *Completed applications must be received by May 1, 2006.*
